EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: The applicant indicated on page 12 of the response filed September 20, 2004 that only claims 41-43 are present in this application. Claims 2-40 contain an incorrect identifier (i.e. withdrawn). Therefore, claims 2-40 have been cancelled, which will correct the identifier.

2. The following is an examiner's statement of reasons for allowance: The claimed invention is deemed allowable in view of the applicant's arguments filed September 20, 2004 since the prior art to Woodard fails to disclose an interlayer as recited and specifically one as intended that decreases in thickness along a portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
